### **PRIOR TO TREATMENT**

- If you can, please pull out fridge and stove so that the technician can have access behind the fridge and stove.

### **ADDITIONAL RECOMMENDATIONS**

- After the treatment is completed, all items can be put back in place.
- Remove all the dead cockroaches (vacuum can be used).
- Clean! All kitchen and bathroom surfaces must be clean and grease free, especially those areas around the fridge, stove, microwave and toaster. Also, under the sinks as well.
- Reduce clutter! Roaches feed on a huge variety of items and hide in cluttered areas, especially those near sources of heat and moisture.
- Throw out garbage daily and ensure dirty dishes are not left out overnight. Fix the dripping taps or leaking pipes. Replace old or ripped shelf paper.
