HOW TO PREPARE FOR A BED BUG STEAM + CHEMICAL TREATMENT

THE PESTFORCE INC WILL BE PROVIDING A BED BUGS CONTROL SERVICE IN YOUR RESIDENCE
ON _____ STARTING AT BETWEEN **9 AM TO 5 PM.**

THE PESTFORCE we will introduce BED BUGS STEAM + CHEMICAL TREATMENT. The treatment will be controlling the bed bugs with steam and chemical. We will target steaming the eggs and spraying chemical to control the bed bugs. Please perform the following preparation steps.

PRIOR TO TREATMENT

Reduce clutter in entire residence, especially in bedrooms and living room.

Vacuum whole house or suite and throw out the vacuum bag or clean the vacuum immediately.

Move everything 2 feet away from the walls, Heavy items and electronic equipment may be left in place, Stand mattress and box spring upright against the walls.

Children's toys should be covered and place these items in a safe place.

PLEASE DO NOT placed items on tops of beds, chairs, sofas, and couches. The heat or laundry items should be Bagged and those are can be placed in the living room, or on the counters and tables.

If heavily infested heat all laundry specially bedding in the dryer for 20 minutes on high to kill bed bugs and eggs inside. Dry clean as needed. Ex: clothes, bedding, curtains, couch cushions, futon covers, etc.

AFFTER THE TREATMENT

Please do vacuuming daily for the first week after treatment and do regularly vacuuming that will reduce the bed bugs.

Removed all dead bugs (vacuuming can be used).

Do laundry regularly specially bedding and sofa blankets.

If heavily infested, we will remove the plastic or non-bedbug proof mattress covers. Also, dust cover backing on the underside of box springs, most sofas and other upholstered furniture.

If baseboards are infested technician will recommend loosening baseboards from the walls.

SAFETY INFORMATION
